Experience

Fasmho Energy Systems
Visual Designer
June.2022 – Now
Bengaluru, Karnataka, India

- As a visual designer at Fasmho, I collaborate with engineering, marketing, and product development teams to integrate the design process for the BMS products. This involves incorporating considerations of human factors, aesthetics, and user experience to ensure the battery management systems meet the highest standards in the mark.

SineWatts
Graphic Designer (Remote_*Part-Time*)
Sept.2020 – Present
Bakersfield, California, United States

- Collaborating with Dr. Shibashis Bhowmik, CEO of SineWatts, is an incredible opportunity. We collaborate on dynamic projects that merge creativity and innovation, targeting a worldwide audience for his vehicle-to-grid technology.

GreenTech Network
Graphic Designer (Remote_*Part-Time*)
Aug.2020 – Present
Bakersfield, California, United States

- Teaming up with Les Mood, a top influencer on LinkedIn, is an amazing chance. We work on exciting projects that blend creativity and innovation, reaching a global audience. I find inspiration in Les Mood's leadership and am dedicated to turning his vision into compelling designs.

- I worked as a graphic and web designer, turning their ideas into reality.

Certifications

UI/UX Design Certification Course
by Gary Simon
From designcourse.com

I began the course knowing a bit about UI and UX, but now I can confidently say it really expanded my understanding of UI and UX design.

Awards & Recognition

Best Assistant in the Research and Public Outreach (Recognition)

I am honored to receive recognition from my college, St. Joseph's Group of Institutions-OMR Chennai, for the work I have done with SineWatts for their growth.
